

The United States House of Representatives

Congressional Proclamation

In Recognition of the Mannatech International Convention

HON. KENNY MARCHANT
MEMBER OF CONGRESS
THURSDAY, MARCH 8, 2009

In recognition of the 2009 International Convention of Mannatech Associates, MannaFest, I extend warm and sincere greetings. While the Mannatech community spreads across the globe with over 550,000 associates, it is the spirit of improving health and well-being that unifies the organization with one collective goal.

MannaFest is a time to reflect, learn, interact, and ultimately, improve. The workshops aim to enhance product development and also to bolster business relationships and customer satisfaction. This collaborative forum is a model of forward thinking leadership to create a stronger and more effective business architecture that benefits associates and customers alike.

It is my hope MannaFest is a valuable and enjoyable forum for each and every Mannatech associate. Please accept my best wishes and I look forward to seeing many future successes from Mannatech.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenny Marchant".

Kenny Marchant
Member of Congress
